EDUCATION

Engineering

Vidyalankar Institute of Technology

2016 - 2020

C.G.P.A-7.2/10

Courses

- Information Technology

H.S.C

Jayshree Thorat Junior College of Science

2014 - 2016

Percentage - 71.85

S.S.C

S.M's English Medium School ,Karad

2002 - 2014

percentage - 88.80

WORK EXPERIENCE

Full Stack MEAN Developer

GEP - Global E-Procurement

03/2021 - Present

PROJECT - Business Logic rule engine

-
.

Achievements/Tasks

- **Rule Engine** is an Integral part of GEP product NEXXE . It is an dynamic way of validating Document Forms by testing them with necessary conditions and delivering required outputs when these conditions are satisfied
- Worked as a **Full Stack Developer** with technologies like **Angular** , **Node JS** , **MongoDB** .
- Implemented **Plugin Architecture in Angular** .
- Worked on **Low Code platform** to make deployment of new projects seamless and also have a central easy to handle API functionality.
- Headed the development and maintenance of new **APIs** for integrating them with Rule Engine to ensure seamless operation.

PROJECT - Dynamic Form AutoComplete.

-

Achievements/Tasks

- This project involved matching the given parameters to thousands of data sets and returning the most suitable data that can be used to auto complete Form.
- Headed the **API Architectue Design** of the project.
- **Designing UI** to create seamless upload of data .

SKILLS

Quick learner

Analytical Thinking

Team Player

Optimized Coding

Out of the box thinking

understanding people
